## THE OLD HERO.

### His Case Reviewed After Spending a Fortnight at Mt. McGregor.

### Dr. Douglas Says the General is Growing Perceptibly Weaker Day by Day.

GENERAL GRANT.

His Case Reviewed After a Fortnight at Mt. McGregor.

By Telegraph to The Sentinel.

MT. MCGREGOR, June 30.—To-day it has been two weeks since General Grant was moved from New York. On the day he came the temperature was eighty-three and this morning it is fifty-five. Dr. Douglas was asked this morning to review the fortnight that General Grant had passed upon the mountain. "His life has been prolonged by the invigorating air here, instead of the great heat of New York. The disease has progressed in a natural way but, as I have said before, is one of increasing debility. The general was likely to die any time in New York and had he remained there instead of coming here he would, in all human probability, have expired before this. His present weakness is the natural result of the disease. He is each day less strong, and though the step from day to day is scarcely perceptible, the aggregate of fourteen days becomes perceptible. Two weeks ago General Grant left the city. If he was in New York to-day he could not be moved here, as his strength is not equal to such a journey. Now if you ask me when the end will probably be, I cannot tell. None can tell. He grows weaker and weaker and at last the point of exhaustion will be reached. That is all, and nobody can say when that shall be. Referring to the local conditions Dr. Douglas said, the mouth and throat were unusually clear, the result of quiet and close attention during the two days past, but when this is said it might be remembered the tongue is so swollen as to render articulation difficult and thorough examination impossible. The loss of the voice is due partly to inflammation of the vocal chords and partly to the lassitude and taxation of the parts. The glandular swelling is decreased, but when the hand it passed over the neck, the nodosities, or cancerous knottings of the gland, are not abated, but are becoming harder constantly. The weakness of the patient is now evident in the lack of ability and desire to walk on the cottage piazza ten days ago. There is a disposition on the general's part to retain his strength and there is a lessened interest in his literary work.

The doctor this morning reports that the general had a fairly good night and gained considerable sleep. He is remaining in his room this morning, the air being raw and chilly. Fires blaze in the cottage and at the hotel.

### No Settlement of the Freight Difficulty.

By Telegraph to The Sentinel.

NEW YORK, June 30.—The trunk line managers met at Commissioner Finke's office yesterday to consider the freight situation. The conference did not last long, but the temper shown was inimical to any near improvement in the rates. The west bound freight pool was extended from July 1 to August 1 and with this the managers contented themselves and adjourned without taking action on any proposition to advance rates. Owing to notices of withdrawal sent by the West Shore and Grand Trunk, the other roads felt free to abandon the agreement to-morrow. Its extension for a month was agreed to for the purpose of continuing negotiations upon the basis that has furnished no grounds for harmony for months past.

### A Foul Outrage and Murder.

By Telegraph to The Sentinel.

ALLEGAN, Mich., June 30.—Circuit Judge Arnold yesterday found in Oak Grove the dead body of Eliza Sage, an unmarried woman, thirty-four years old, with her throat cut from ear to ear and her head badly bruised from a blow with a club. The indications point to a foul outrage and murder.

### A Bitter War Raging.

By Telegraph to The Sentinel.

KANSAS CITY, Mo., June 30.—A very bitter war between prohibitionists and anti-prohibitionists has been in progress at Armourdale, just across the line, for several months past, and several persons who endeavored to smuggle liquor into the state have been arrested and fined for the offense. J. Schankenburg has been a strong witness for the prohibitionists in a number of cases, and in consequence has gained the ill-will, not only of the saloon keepers but also of a number of citizens. Sunday night a party of unknown men rode up to Schankenburg's house and riddled it with bullets. The inmates escaped the bullets.

### Fire Record.

By Telegraph to The Sentinel.

GRAND RAPIDS, Mich., June 29.—Fire this afternoon destroyed the major portion of the works of the Grand Rapids manufacturing company. It caught from flames caused by the blazing of some varnish into which some hot water was plunged. The loss is estimated by Mr. D. P. Clay, chief stockholder, at from $30,000 to $40,000, largely on the material. It was well insured, mostly in Chicago agencies.

CHICAGO, Ill., June 29. Fire in the drug store of Lord, Owens & Co., at 72 and 74 Wabash avenue, this forenoon, caused a damage of $30,000; fully insured.

TRENTON, June 29.—Fire broke out in the Lansdown roller skating rink to-day and spread to the opposite side of the street, almost totally destroying the block of stores bounded by Fort, Wellington, Murphy and Elgin streets. The loss is $75,000; insurance $30,000.

INDIANAPOLIS, June 29.—A fire at Vincennes, Ind., to-day, destroyed Clark & Buckey's machine shop. Loss, $20,000; insurance, $4,000.

### The Kentucky Mob.

By Telegraph to The Sentinel.

LOUISVILLE, June 29.—A special to the Times from Frankfort says that Governor Knott has ordered Major L. W. McKee and three companies of state troops to hold themselves in readiness to proceed to Powan, county the scene of the Humphreys-Tolliver feud. A special to the same paper from Mt. Sterling says that the coroner of Rowan county, while en route to hold an inquest on the body of the man killed in the fight yesterday, was fired on, but whether or not he received injuries is not known. Troops will probably reach Morehead to-morrow and be held subject to the orders of the county judge.

### A Mexican Disaster.

By Telegraph to The Sentinel.

CITY OF MEXICO, June 29.—Included among the companies whose subsidies were stopped by the recent decrease is the Vera Cruz harbor improvement company, a French concern. It is announced that this company will have to suspend operations, leaving a great part of its work incomplete.

### On Trial for Perjury.

By Telegraph to The Sentinel.

CHICAGO, June 29.—The trial of Joseph C. Mackin on the charge of perjury in having testified before the grand jury that he did not order the printing of the bogus tickets found in the ballot box from the Third precinct, of Eighteenth ward, began in the criminal court before Judge Moran this morning. Mackin applied for a change of venue, but was denied.

### Business Troubles.

By Telegraph to The Sentinel.

COLUMBUS, O., June 29.—The W. P. Harrison pump company assigned to-day. The assets are $30,000. The liabilities have not been given.

WASHINGTON, June 29.—The comptroller of the currency has declared a second dividend of 20 per cent. in favor of the creditors of the Richmond National bank, of Richmond, Indiana, making in all 30 percent paid to the creditors of that bank.

CLEVELAND, June 29.—F. S. Hurlbut & Company, wholesale milliners at Bank and Johnson streets, assigned to-day. The liabilities are estimated at $10,000 and the assets $30,000. The firm expects to resume business as soon as a settlement is made.

Last Tuesday Judge Jones on the recommendation of Receiver Caldwell, of the Nickel Plate road, reduced the rent of the equipments on that line from $400,000 to $380,000. To-day he suspended the order and will rehear the case in New York July 6.

### Suessor False Imprisonment.

By Telegraph to The Sentinel.

DETROIT, June 29. John Mullen, of this city, who was recently arrested by Pittsburg officers on the charge of embezzling funds from the estate of John Maloney at Pittsburg, turned the tables on his accusers this morning. Governor Alger heard his application for release and decided that there was not sufficient grounds to warrant his extradition. Mullen was accordingly released at 3 o'clock this afternoon. Detective Barton was boarding the train for Pittsburg when the sheriff confronted him with a capias for his arrest. On his release this morning Mullen had at once begun action for false imprisonment against the detective and one Watterson, who was instrumental in his arrest, claiming $2,500 damages. The accused officer was released on $2,000 bail.

Peter Spillman, of Summit street, was mulcted in the sum of one dollar and costs by Justice France for maintaining a nuisance.

### Signor Depretis Forms a New Ministry for Italy---Other Foreign News.

The Cholera.

By Cable to The Sentinel.

MADRID, June 30.—The total number of new cases of cholera reported yesterday from the infected district in Spain is 1,322; deaths, 602, being an increase of forty per cent. in the new cases and six per cent. in the deaths.

### A New Ministry.

### A Naval Sham Battle.

By Cable to The Sentinel.

DUBLIN, June 30.—A dispatch from Bantry, dated at 2 o'clock this morning, states that a naval sham battle is in progress in Bantry Bay. Admirals Hoskins and Whyte are in command of the opposing squadrons. The battle was begun at midnight.

### A Journalistic Opinion.

By Cable to The Sentinel.

PARIS, June 29.—The *Journal des Debats* thinks the marquis of Salisbury will revive the friendliness between France and England under Disraeli. It is of the opinion that Sir Henry Drummonds Wolff replacing Sir Evelyn Baring as consul general at Cairo will be a change for the better.

LONDON, June 29.—Hon. William Henry Smith, secretary for war in the cabinet of the Marquis of Salisbury, has been re-elected to parliament for Westminster. The liberals did not contest the seat.

The police have ascertained that an American revolver and ammunition and Remington rifle cartridges were employed to effect the explosion at the admiralty office, which happened some time ago.

The Berlin Post in an article supposed to have been inspired by Prince Bismarck, hints at a desire on the part of Germany for an alliance with England. The Novoe Vremya, of St. Petersburg, says that Russia ought not to forget that the Marquis of Salisbury and Lord Randolph Churchill have always been anxious to form an Anglo-German alliance against Russia.

BOMBAY, June 29.—It is reported from Cabul that Isa Kahn, supported by Russian allies, has risen against Abdullah Kahn. Isa Kahn marched upon Khan-I-Bad, and seized the treasure there, valued at one million pounds sterling, belonging to the ameer of Afghanistan.

Abdellah Khan is the governor of Kunduz, the extreme northern province of Afaghan, Tourkistan. The town of Khan-I-Bad is situated about sixty miles south of the river Oxus, which river separates it from the Russian protected state of Bukhara. Khan-I-Bad was the headquarters of the present ameer of Afghanistan before he was summoned to the throne, and there also occurred the negotiations between the ameer and the British officers.

PARIS, June 29.—The Memorial Diplomatique reports that Lord Salisbury will have an interview with Prince Bismarck in August.

CAIRO, June 29. The orders to the cardinal corps to embark has been rescinded.

### Around the World.

By Telegraph to The Sentinel.

NEWTON, Conn., June 29. The new schooner yacht Brunhilde, 119 tons, owned by John J. Phelps, will sail from New London to-day for a trip around the world. Besides the owner, five other gentlemen of the class of '83 of Yale college will make the trip.

### On Their Ear.

By Telegraph to The Sentinel.

OTTAWA, June 29. Since the announcement of the temporary arrangements between this government and the United States in regard to the fishermen's questions, the members of parliament from the maratime districts have been receiving many protests from Canadian fishermen. These fishermen assert that they will not allow the Americans to fish in the inshore waters, and they will resist any such attempts. The government has sent a steamer to cruise along the coast to prevent trouble, if possible.

### A Lynching Bee.

By Telegraph to The Sentinel.

JACKSON, Miss., June 29.—Ben Holcord was lynched this morning at Adman's station by a colored mob, for the murder of his wife last Wednesday.

### LOCAL LINES.

Ernest Hever and wife started for Germany to-day on a two months visit.

The owner of a lost bracelet can recover the same at No. 61 West Lewis street.

Another young African war has broken loose, this time the belligerants are Mrs. Gales and Del Robsen. Their troubles will be aired by Justice France.

Joseph Bucher, a rural gentleman of Pleasant township, has been arrested at the instance of Mr. William Fleming, charged with obstructing the public highway. He will have a hearing before Esquire Ryan.

Benjamin Formau, arrested by Officer Kramer for drunkenness, was before Acting Mayor Ryan this morning. The usual fine of one dollar and costs was too much for the depleted exchequer of the unfortunate and he went over the Nickel Plate to feed on Sheriff Nelson's strawberry short cake.

Right Rev. David B. Knickerbacher, Episcopal bishop of Indiana, will visit this parish on Sunday next and administer the right of confirmation at Trinity church during sunset service. While in the city the distinguished prelate will be the guest of Mrs. Robert E. Fleming, of No. 158 West Berry street.

Coroner Dinnen being at the Academy of the Sacred Heart to-day no steps have yet been taken toward the disinterment of the body of Louis Sordelet, of Jefferson township, whose recent sudden death under suspicious circumstances has been the subject of much unseemly gossip in the neighborhood. The coroner has taken the testimony of the widow and daughter, and will proceed cautiously to unravel the mystery that enshrouds the death of poor Sordelet.

An excursion party of Methodist Sunday school scholars and teachers, numbering about 100, from Hartford City, have been visiting us to-day. An escort from among our Methodist brethren have been showing them the metropolitan sights, among which the "Old Fort" with its ramparts, casements, heavy ordnance, etc., was viewed with awe and apparent satisfaction. The new government building, the city cabinetone and other works of art were freely shown. The visitors are delighted.

The residents of West Berry street are kicking very loudly at the persistent refusal of the council to spend a dollar upon their thoroughfare, after having voluntarily assessed themselves some years ago to thoroughly macadamize it. All the heavy east and west trucking is done over this street until it has become one of the worst in the city. Not a load of gravel has been put upon it for years, indeed we have known men to die with more gravel in their systems than has been spread upon this street during the last decade.

### Wabash Railway Notes.

General Manager Talmage and General Master Mechanic Barnes gave audience to a few representatives of their locked-out employes. The officers heard their complaints patiently and returned answer that those now out could not expect to return until they had promised compliance with the hospital assessment and renounced labor organizations, to which the committee, then and there, took exceptions, the officers refusing to parley any longer and the committee took their leave. While no threats are being made openly, the men seem to think the action of Mr. Talmage and his staff of officers will prove anything but profitable for the Wabash road. As the road is in the hands of a receiver, the United States officers will have an eye open, but no unlawful attempt to interfere with the operations of the same is anticipated by those who are in a position to know best the situation.

### Suit for Infringement of Patent.

In the federal court at Indianapolis a complaint was filed by Charles F. Brush and the Brush Electric Light company, of Cleveland, against the partners in the "When" clothing store, to enjoin them from further using the patented device known as the "electric arc lamp," of which, it is claimed, the plaintiffs are the sole owners. The allegation is made that the "When" people are infringing upon this patent. Owen, Pixley & Co. own the "When" store.

AMID CHEERS

The Chicago Conductors and Car Drivers Decide to Strike.

By Telegraph to The Sentinel.

CHICAGO, June 30.—This morning, at a meeting of the Conductors and Car Drivers association, a motion that the strike of all the conductors on all lines of the West Side division railway be inaugurated at 4 a. m. and that every member of the association be at the several barns at that hour to see that no cars should be started was carried with cheers. The demand for the reinstatement of fourteen discharged employes is the cause of the strike. One thousand men are members of the association and the company with whom they are contesting own the street car facilities for the entire portion of the city known as the West Side. As a consequence the great body of the population are compelled to "foot it" to the business district. The streets are filled, however, with express wagons and carts, converted, for the time being, into carriers, and a number of omnibusses.

The street railway company attempted to run a car at 10 o'clock, but a threatening crowd of 300 strikers and sympathizers pushed the conductor off the car into the street. The latter drew a revolver, but did not fire. A deputy sheriff interposed to protect the conductor, and the driver was compelled to take the car back into the barn. The company does not appear to be making any adequate effort to move cars, and the city police have thus far not interfered in any way. The discomfort of the traveling public is very great.

### Who Were Passengers.

By Telegraph to The Sentinel.

NEW YORK, June 30.—Among the passengers on the steamship, "Gallia," now four days over due at Queenstown and which has been reported at sea with her shaft broken, are Roscoe Conkling, Ex-attorney General Brewster and wife, and S. S. Cox, United States minister to Turkey, and wife. It is thought the "Gallia" will not reach Queenstown for a week.

### A Singular Story.

By Telegraph to The Sentinel.

CINCINNATI, June 30.—A singular story is published from Lebanon, Warren county, Ohio, to the effect that Frank Long, who was twice arrested last year at the instance of J. W. Nixon and S. J. Bradley, charged with horse stealing, and both times acquitted, and who had recently obtained a verdict for $3,000 damages against these men for false imprisonment, has now confessed he was guilty of stealing the horses as charged by Nixon and Bradley and that he has been guilty of eight separate crimes of perjury in connection with the law suits pertaining to the case.

### Mrs. Dudley Acquitted.

By Telegraph to The Sentinel.

NEW YORK, June 30.—The trial of Mrs Dudley was continued, the court being crowded. Evidence showing that the defendant was of unsound mind was introduced, and the jury brought in a verdict of acquittal on the ground of insanity after being in consultation only about five minutes.

### Anticipating the End.

A young lover, who had been disappointed in the pursuit and capture of his heart's fond idol, has resolved to give up any further pleasures of this life and now talks of dying. He lately approached Mr. William Grohe, the tombstone artist, with the following original effusion, desiring to know the expense of carving the lines on the granite shaft which was to cover his dude-like remains:

I was not a coon
I saw my love mean,
She came to my room
To revisit me here.
She awakened my thoughts
To the spirit of love,
But I'll sleep on cold sleep
Till I meet her above.

OFFICIAL PAPER COUNTY AND CITY.

TUESDAY, JUNE 30, 1885.

IN Chicago a school has been established for young ladies to learn type writing and short hand. Those that have graduated find ready employment. Young ladies cannot learn a more suitable and better paying business, and we think it would pay some of our city schools to add a branch of this kind. Many of our young ladies who can now find nothing to do would be able, if they were good type and short hand writers, to find steady employment.

JAP TURPEN sends the Indianapolis *Sentinel* this gossip: "These dispatches are historic, and all forms of prophesy are carefully eschewed, though fortelling events would allow wider scope for fine writing. Lowry and Kidd have both written H. C. Davison, M. D., of Hartford City, that his appointment to a place on the board of medical examiners was promised and assured. His name did not appear in the list recently published in the *Sentinel*. Inquiry was made as to the commission, and this state of facts revealed. I will give in the language of Colonel McLean himself: 'All the preliminary work has been done, and the friends of Dr. Davison have made a satisfactory showing. He is really appointed, but not yet commissioned.' After the doctor's commission has been signed, his appointment will be given to the world through these dispatches. The history of Colonel Bannister's appointment and Mr. Speer's appointment will doubtless be repeated in the appointment of Mr. Eb. Henderson. Colonel Matson, Mr. Holman and Judge Lowry called upon the president one day lately in his interest. The conversation on such occasions is in a voice that may be heard by all present."

### Monroeville Items.

Refreshment stands will dot our town on the Fourth.

Rev. R. Edmonds, of Van Wert, Ohio, preached at the Marquardt chapel last Sunday.

A beautiful banner will soon be placed in the Catholic church at this place. It will cost about $5.

Henry Krick has sold his half interest in the livery barn to his cousin, Philip Krick.

Miss Mollie Bainbridge, of Fort Wayne, who has been teaching the Foster school in Monroe township, closed a successful term last Friday. Miss Bainbridge has taught seven consecutive terms at this school, and the patrons would be glad to secure her services for another term.

M. Strass, who has served in the capacity of postmaster at this place for the last seventeen years, will turn the official papers and office to his successor Mr. Edward Finen next Wednesday. Mr. Strass has been a faithful servant during his term as postmaster and has many friends who will be sorry to see him removed, but as the case stands, he is on the wrong side of the political fence, justice caused his removal. Mr. Strass will continue business at the old place as city undertaker and dealer in household furniture. No better selection could have been made for postmaster than by selecting Mr. Finen who is efficient, capable and responsible citizen of this place. He will give entire satisfaction.

Millard Atchison, the fashionable tonsotorialist, and Miss Salina Kreush, both of this place, were married at Fort Wayne last Tuesday evening. A reception was tendered the young couple last Wednesday evening at the residence of the bride's mother.

Rob Mong, a reported operator and dude, forged a pass at this place on the Pittsburg company, in the presence of an apprentice to the office, the night operator, O. E. Argo, being away at the time of the occurrence. On this account he was discharged from the company's service Thursday morning. It is reported that Mong was captured near Columbus, Ohio, Saturday morning.

Monroeville will, as usual, celebrate the fourth in grand (?) style. A few platform dance leaders are endeavoring to lay before the people of this and adjoining towns a blinded program of unusual splendor. There is no doubt but what this and only this magnificent program will draw, as in former years, a throng of people, who will be disappointed in seeing the grand sights, with the exception of three platform dances, which which will be in session both day and night. The Ladies Cornet band, of Willshire, Ohio, has been invited to participate in the exercises, but as yet has not accepted the invitation. Capt. John Delevan is preparing to have a soldiers' reunion which will last two days. This would be one of the principal features of the day.

Through the efforts of Hon. Robert Lowry, W. D. Baker, of this place, has secured a lucrative clerkship in Dakota Territory worth $3,000 per year.

Charley Scar, formerly of this place, now of Iowa, is here visiting relatives and friends.

Robert Mong, the young man who forged a pass on the Pittsburg company was at the time visiting his uncle, who is a respectable citizen of this place.

**Three Reasons**

Why every one needs and should take Hood's Sarsaparilla in the spring:

1st. Because the system is now in its greatest need. Hood's Sarsaparilla gives strength.

2nd. Because the blood is sluggish and impure. Hoods Sarsaparilla purifies.

3d. Because, from the above facts, Hood's Sarsaparilla will do a greater amount of good now than at any other time. Take it now.

A universal family panacea is the term applied by many people who have used Mishler's Herb Bitters, to that excellent and far-reaching medicine. Neuralgia, dyspepsia, general debility and many other ills to which flesh is heir yield speedily to its curative properties. Mr. Charles A. Heinitsh, a prominent druggist of Lancaster, Pa., says he sells large quantities of the bitters, and his customers prize it very highly. Many physicians, convinced of its virtues, use it in their practice.

*Parents, Read This.*

Parents should always have at hand a prompt and safe remedy for their children in case of sudden attacks of diarrhoea, dysentery, bleeding of the nose, cuts, bruises, sore throat and many cases of a similar kind, in which an hour's delay will often lead to serious if not fatal results. For these complaints the great family remedy, Pond's extract, has been long and successfully used, and always with the same unfailing result. It can be had at any respectable drug store. Be careful to get the genuine.

Onyx is a fashionable stone for half mourning.

The use of Iodoform or mercurials in the treatment of catarrh—whether in the form of suppositories or ointments—should be avoided, as they are both injurious and dangerous. Iodoform is easily detected by its offensive odor. The only reliable catarrh remedy on the market to-day is Ely's Cream Balm, being free from all poisonous drugs. It has cured thousands of chronic and acute cases, where all other remedies have failed. A particle is applied into each nostril; no pain; agreeable to use. Price fifty cents; of druggists.

The Empire springs in Saratoga, has been sold for $65,000.

**Rheumatism Quickly Cured.**

It stands out alone as the one great remedy that actually cures this dread disease. It is taken internally and never has and never can fail to cure the worst case in the shortest time. It has the endorsement and recommendation of many leading physicians in this state and elsewhere. It is sold by every druggist at $1. Write for free 40 page pamphlet to R. K. # SPRING FEVER

At this season nearly every one needs to use some sort of tonic. IRON enters into almost every physician's prescription for those who need building up.

**—THE BEST TONIC.**

It does not blacken or injure the teeth, cause headache or produce constipation—*other Iron medicines do*

DR. G. H. BINKLEY, a leading physician of Springfield, O., says:

"Brown's Iron Bitters is a thoroughly good medicine. I use it in my practice, and find its action excels all other forms of iron. In weakness, or a low condition of the system, Brown's Iron Bitters is usually a positive necessity. It is all that is claimed for it."

# GRANDMOTHER

Used herbs in doctoring the family, and her simple remedies *DID CURE* in most cases. Without the use of herbs, medical science would be powerless; and yet the tendency of the times is to neglect the best of all remedies for those powerful medicines that seriously injure the system.

# MISHLER'S HERB BITTERS.

is a combination of valuable herbs, carefully compounded from the formula of a regular Physician, who used this prescription largely in his private practice with great success. It is *not* a drink, but a medicine used by many physicians. ☞ It is invaluable for *DYSPEPSIA, KIDNEY* and *LIVER COMPLAINTS, NERVOUS EXHAUSTION, WEAKNESS, INDIGESTION, &c.;* and while curing will *not* hurt the system.

**Mr. C. J. Rhodes, a well-known iron man of Safe Harbor, Pa., writes:**

"My son was completely prostrated by fever and ague. Quinine and barks did him no good. I then sent for Mishler's Herb Bitters and in a short time the boy was quite well."

"**E. A. Schellentrager, Druggist, 717 St. Clair Street, Cleveland, O., writes:**

"Your Bitters, I can say, and do say, are prescribed by some of the oldest and most prominent physicians in our city."

# Eczema!

For the benefit of suffering humanity, and in heartfelt gratitude at the wonderful result, I deem it only my duty to give this unsolicited testimony in favor of Swift's Specific. My wife has been afflicted with hereditary Eczema or Salt Rheum from her infancy. It has increased in intensity with each succeeding spring, and being somewhat skilled in medicine myself, I tried every remedy I could think of for years—Sarsaparilla combined with every form of Potassia, "Cuticura," pills of every kind, and hundreds of other remedies, lotions and alkali washes of every known kind, but they all gave only temporary relief. During the spring of 1884 her lower extremities became so inflamed and sore that she was obliged to keep them constantly coated with a cover of "Fuller's Earth," mixed wet and allowed to dry on. Among other things, she was inflicted with a periodical nervous headache, occurring regularly every seven days, sometimes followed by an intermittent fever for weeks at a time, so that her life became a burden to her.

This spring I determined she should take S. S. S. and follow strictly the directions in regard to dose, diet, etc. This was about seven weeks ago. After taking the first large bottle the disease seemed to increase; the burning, itching and inflammation became unbearable. She, however, persevered in the use of the medicine. After taking the second bottle the inflammation began to subside. After the third bottle the inflammation disappeared and sore spots dried up and turned white and scaly, and finally she brushed them off in an impalpable white powder resembling pure salt. She is now taking the sixth bottle, three tablespoonful four times daily. Every appearance of the disease has gone, and her flesh is becoming soft, white and smooth again; and what is more, her periodical headaches have disappeared and she is now, at 53 years of age, enjoying the only good health she has known for upwards of 40 years. No wonder she declares with emphasis that every bottle of S. S. S. is worth a thousand times its weight in gold.

Any further information concerning her case will be cheerfully given by herself at her residence, 175 Mullett street, or by me

## THE CLOSING EVENT.

### Interesting Commencement Exercises by the Talented Pupils of St. Augustine's Academy.

There was quite a large and certainly an appreciative audience at Library hall last evening to witness the closing exercises of St. Augustine's academy. Miss Celeste Fleming prefaced the entertainment in an address of welcome and then followed a most enjoyable program. In music and drama the young misses were particularly bright and everything indicated the most perfect training. This is characteristic of this splendid institution of learning and on this point Judge Edward O'Rourke was particularly happy in his closing remarks. The program is too lengthy to particularize, so it is submitted in full with the assertion that honor belongs to each and every participant:

*To Get Rid of Misery.*

What is the use of suffering from dyspepsia, nervous prostration or debility, when Brown's Iron Bitters will tone you up and cast these horrors out? There is joy in every bottle of this valuable tonic. It makes bad blood good, and bids dismal people be cheerful. It brings good cheer to the dinner table, and makes the family happy. It drives away the blues and helps you to enjoy a hearty laugh. And all the respectable druggists keep it.

### Investigating the Locusts.

Professor Webster, of Purdue, the state etymologist, under orders of the state department, says the Lafayette *Courier*, started out last Thursday to investigate the present locust visitation—period of appearance, duration, habits and damages done in the different localities of the state. He went to Fort Wayne and other northeastern points, and returned Saturday, and left again to-day for Northern Indiana, and from thence will make a detour through the eastern portion of the state to Cincinnati and thence swing around through the southern and western, and thence home.

The medicine that can search and root out every ill of kidneys or liver, is Hunt's Remedy.

Fort Wayne Paint and Color Works.

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33⅓ per cent. O.L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

Mr. Leavit Hough, of this city, graduated last week from Harvard college. The young gentleman will not return to Fort Wayne this summer, but will pass the heated term at Altoona, Pa.

J. R. Cary, counsel for the Pittsburg road, was last evening summoned to Salem, Ohio, by a telegram announcing the death of his mother. Mr. Cary hastened to his old home on the saddest errand of his life.

The First National bank of Wabash has signified its intention of contesting the collection of city and county taxes on the valuation of its stock adopted by the board of equalization. Heretofore each share has been assessed at $125, but this valuation was increased to $200, and a lively lawsuit is in prospect.

George Briant, of the Olds factory, has discovered the mamma of the babe recently found in a Wabash car at the south depot. He overheard a Summit street woman admit her guilt, and has so notified Deputy Prosecutor Bittinger. The babe did not die and is well cared for, so it is difficult to do much but expose the girl in court. Mr. Bittinger hesitates.

The Palace theatre should be closed. Young boys and young men nightly resort the place, attracted by wine and women. It is in this manner young fellows are blighted for life and no one can tell how many homes are saddened by the career this business leads to. A special policeman is employed to expel young men as fast as they become to drunk to care for themselves.

There are thirty-seven fire alarm boxes hung up in the city. Chief Hilbrecht tested the batteries yesterday and found them perfect. The new boxes differ from the old ones in formation. Instead of pressing on the bottom plates, a lever is pulled down and it remains so until the chief responds to the alarm. Another feature is that the alarm is sounded in the box simultaneously with the engine house, and sonders can count the taps to be certain that the call is accurate.

James Lillie, jr., is now on the ocean on his return voyage from Europe.

The school trustees were in session today, opening sealed proposals for coal.

The Conductors' Brotherhood had four coaches filled Saturday on their excursion to Rome City. A pleasant time was had, no incident of note occurring to vary the stereotyped day's vacation at this little watering place. The Italian string band furnished music for the dancers.

John Bright, an attorney from Burmingham, Eng., has returned to his home across the sea. Mr. Bright was here in the interest of the Harris estate, of Antwerp, Ohio, and the Kohler fortune in England, now having a claimant in Fort Wayne, in the person of Mike Kohler, th[illegible]

The [illegible] Matilda, the youngest daughter of Mr. C. F. G. Meyer, of St. Louis, and head of the drug house of this city, to Mr. Fred Sihler, youngest son of the venerable Rev. Dr. Sihler, of the Barr street Lutheran church. Mr. Sihler is now connected with a large wholesale drug house in New York city. He has many warm friends in this his former home, where his pleasing baritone voice has frequently been heard in amateur performances for charitable objects.

Louis Jocquel, having charge of the press gang to-day as the duly accredited chaperon of the Academy of the Sacred Heart, drove to THE SENTINEL office this morning in an open barouche with liveried driver, tace linet lap robes, and all the other paraphernalia of a well regulated turn out. Our representative rigged out in a claw-hammer coat and clean paper collar gaily stepped into the gorgeous vehicle with an ease and abandon as though used to it from earliest infancy. It was in such pleasant contrast to the confused gentlemen from the *Gazette* and *World*, who, upon entering the carriage with a street car stride, unconsciously proceeded to feel for a nickel to place in the box, showing the force of habit. All editors are not brought up alike.

Hon. and Dr. J. D. McHenry, of Maples, is in the city to-day.

John Olds took the third degree and Ex-Councilman J. Sion Smith the second degree in the Knights of Pythias lodge last night, at which session Finis Cartwright was elected chancellor commander.

The devotes of roller skating will be pleased to know that the Princess rink will be reopened on Saturday next. The obliging proprietors do this at the solicitation of hundreds of patrons who feel that they cannot longer survive this cruel lock-out.

Lima, Ohio, is in the throes of a big strike, the laborers on the water works having refused to longer work on their present wages. As misery loves company, it is soothing to know that Fort Wayne is not the only city in the country where strikes are a part of its existence.

THE SENTINEL of last evening and the *Gazette* of this morning, erroneously stated that the late J. B. McDonald was buried on Sunday with Masonic honors. Deceased was an honored member of Harmony lodge No. 19, I. O. O. F., and was by that noble brotherhood escorted to his last resting place, over 300 members being in line, preceded by the City band.

Mayor Muhler has effected a healthy change in the stereotyped manner of criminal proceedings in his busy little court, as we would infer from the fines of $25 and costs, aggregating $40, assessed the fellows arrested yesterday in Lew Clark's notorious house of prostitution. This new departure will be received by a long-suffering community with genuine favor and add materially to the confidence already reposed in his honor's nerve.

Harmony lodge No. 19, I. O. O. F., is the wealthiest organization of that order in the state, their annual income from rents alone being $3,700 and perhaps as much more from dues and other sources. The trustees have decided to expend $2,000 for interior decorations and improvements in their large lodge room and ante-rooms, which, when completed, will be the finest and most commodious [illegible]oms in the state belonging to this [illegible]der. The lodge is entirely out of debt.

The Lukens brothers returned yesterday from Springboro, Ohio, where they [illegible]id all that was mortal of their mother [illegible]rest. The obsequies were conducted according to the rites of the Society of Friends. Mrs. Catharine Staunton, an eminent Christian lady of much ability, pronounced an eloquent panegyric. Mrs. Lydia A. Lukens was sixty-four years of age. She had lived with her husband, who survives her, for a period of forty-six years. Her life was so lived that at the parting her faith assured her of a reunion in the hereafter.

The circuit court at the April term was in session fifty-nine days. There were 115 new cases filed and 142 disposed off; 5 partitious; 20 foreclosures; 6 divorces; 111 on notes, accounts, etc. There were 28 letters of administration and guardianship granted; 20 inventories and sale bills filed and examined; 9 wills admitted to probate; 60 reports of administration and guardians filed and examined; 19 sales of real estate ordered; 23 estates settled; 3 adoptions granted; 7 aliens admitted to citizenship; 4 boys committed to the house of refuge; 1 assignee discharged and one appointed; 2 change of venus granted, and 330 pages of record signed by the court.

An important transfer of city real estate took place yesterday, being the sale by Moses Scott of forty feet front on East Berry street, between the Central hotel building and the property lately purchased by Root & Co. The purchasers are Messrs. Pixley & Co., and the consideration, $12,500, being $312.50 per front foot. Mr. Scott was offered $15,000 for this same property a dozen years ago, refusing then to sell the same. Real estate dealers regard the property as cheap, and a general feeling of satisfaction prevails over the sale. The ground will forthwith be ornamented by a substantial business structure for the use of this enterprising firm, and it is expected that ere the close of the year they will be snugly quartered in their new building.

### Strauss Smashed.

Last evening a young bar tender, named John Leichner, undertook to show the beauties of our suburban surroundings to a pair of frail but curious females, known in police circles as Ida Strauss and Jennie Dickson, the latter a brunette of the most pronounced type, hiring a carriage from Liggett, the Harrison liveryman, for that purpose. The glare of the electric lights was too much for their eyes, so they hied to the country where pale Luna threw her feeble rays upon them and where they could blush unseen. Reaching a spot near the Nelson farm, about four miles east of the city, their team became frightened at the noise of the drunken mob immediately behind them and ran away, scattering the carriage and its occupants in convenient places on the road side. Dr. Walter Langtry happening along at the time gathered up the thoroughly demoralized Strauss woman and conveyed her to her domicil on East Wayne street, near Francis, where, upon examination by Dr. Herschel Meyers, it was found that one of her favorite thighs was broken and that she had received other uncomfortable injuries that would necessarily interfere with her usual avocation. The remainder of this sweet-scented crowd, with the horses and debris of the carriage, reached the city in due time. Unfortunately the residue of the gang remained unhurt. Negotiations are now pending between Liggett and Leichner looking to an early settlement of damages.

### State Sunday School Convention.

The Sunday School convention of Indiana held at Lafayette, June 23, 24 and 25, was a grand success. The way delegates were met at trains and entertained at the places assigned them inspired a feeling of friendship, so that you did not feel that you were among people you had never met before, but rather that you had known them always. Then the first session seemed to bring with it a deep spiritual feeling that ran all through the convention. Not a harsh word marred its proceedings; not a minute was lost by waiting on some one else to speak. Everyone talked of Sunday school work as though nothing else concerned them, and, indeed, it was apparently impossible for anyone to have his mind drawn to outside things. The address of welcome was hearty and heartfelt, backed up as it was by the welcome at the homes who could help but feel it was a welcome. The address of Rev. A. Marine, on the relation of the Sunday School to the republic, was a masterpiece. The president's report was very encouraging. Every county in the state organized and nearly all were active. He said recently inquiries had come from England as to methods used in Indiana, and later came warm commendations of the way our work was done. He urged higher aims, setting forth as the great work of the Sunday school to gather in all, the men, women and children, and teach them the Bible, and that not three, six or nine months in the year, but *all* the year. He knew of one case where children gathered at the door the Sunday after the school had been closed, and cried because there was no Sunday school. Then more money was needed in the work. Satan's servants bring all their wages and serve day and night. We cannot pass our president's report without remarking that he has for several years spent all his time and paid all his own expenses in the work. The convention rightfully objected to this last part, and voted him all the money in the treasury toward defraying his expenses. Indiana may well stand as high as she does with such a worker as a leader.

The statistician's report showed 3,567 schools, and undoubtedly if all were reported there would be 4,000. The average attendance was over 242,000. Over 8,000 were reported as received into the church from Sunday schools and not near all the schools reported on this item. Indiana schools, on an average, were kept open about ten months in a year.

The secretary's report was an interesting paper, but quotations from it are difficult to give, as it must be taken as a whole. The treasurer made a very interesting report, showing about $500 in the treasury, and brought from him the remark that he hoped the dream of a Sunday school missionary for our state was beginning to look like a possible reality.

Rev. Chauncy N. Pond tendered the greeting of Ohio's 6,500 Sunday schools and congratulated Indiana on her work. To mention all the subjects of addresses and discussion would fill too much space and it is almost impossible to select from them.

If all our Sunday school workers could have heard only the last address on "The Workers Consecrated and Sent Forth," as presented by the Rev. Chauncy N. Pond, of Oberlin, Ohio, they would have gone to their work with more zeal than ever. It came from a warm heart in the work and must bear much fruit. The great trouble with all our work is a want of thought as to its importance.

Among the important things done at the convention was making *Highways and Hedges* the organ of our state union. It is a monthly costing twenty-five cents per year and every Sunday school worker in the state should take it to keep track of our state work. Let all Sunday school workers resolve on more thorough work, more constant work, and our Sunday schools will do more good than ever. Every law abiding citizen has an interest in the success of the Sunday school. ERCA.

*REFLECTIONS ON AN INSANE MAN.*

(IMPROMPTU.)

Wonderful thy ways, O Providence,
When nearest felt thou art least understood.
If man's soul is immortal, whence
Its flight of reason, if the body could
Not sustain itself, why falter the soul,
If the body o'er it hath no control?
But a healthy body does affect the brain;
Thus a soul and body surely are the same.
